

M-NEX: the Moveable Nexus

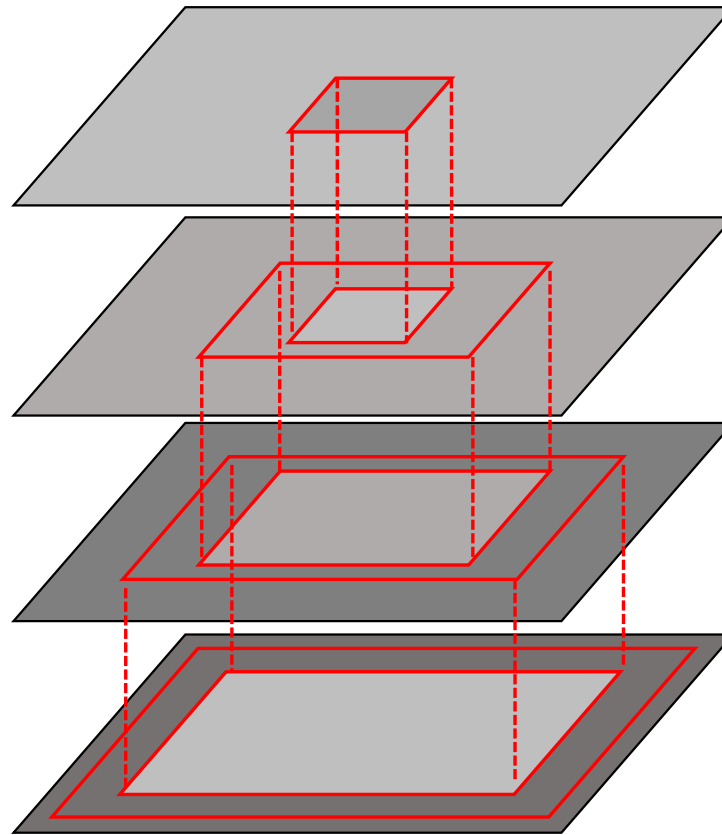

Design-led

Creating more sustainable FEW systems in cities and regions through a design approach

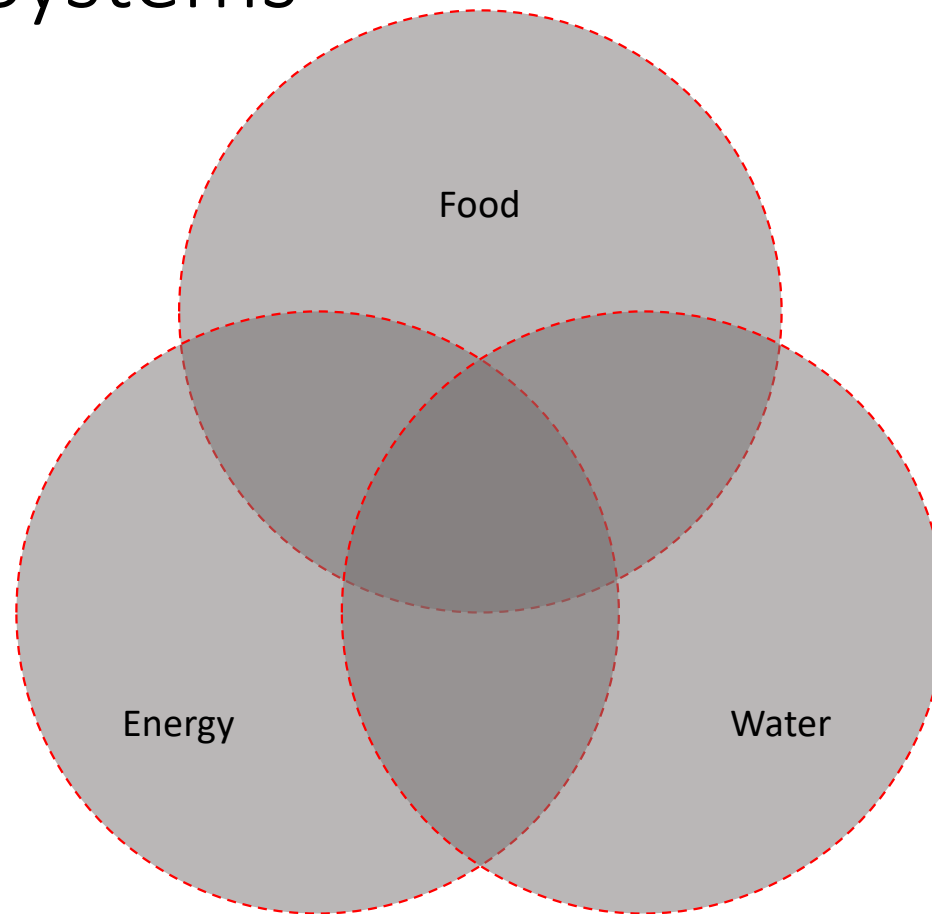

Food is our point of departure: needs energy and water to grow.

Nested Scales: Rooftop to Region

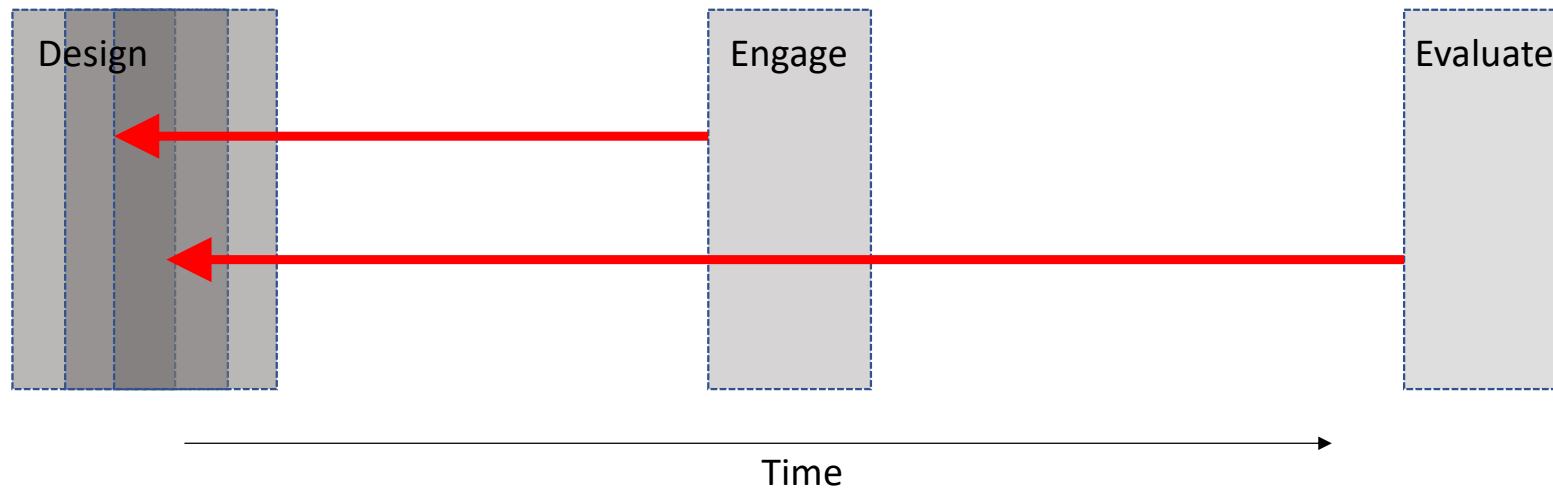

Prof Greg Keeffe, Kevin Logan, A.Prof Anna Grichting, Maryam Alfaraidy, A.Prof Geoff Thun, Dr. Ming Xu, Prof Rob Roggema, A.Prof Rod Simpson, Lisa McClean, Dajon Veldman, Prof Wanglin Yan, Prof Rajib Shaw, Dr. Bijon Kumar, Prof Andy van den Dobbelsteen, Nick ten Caat

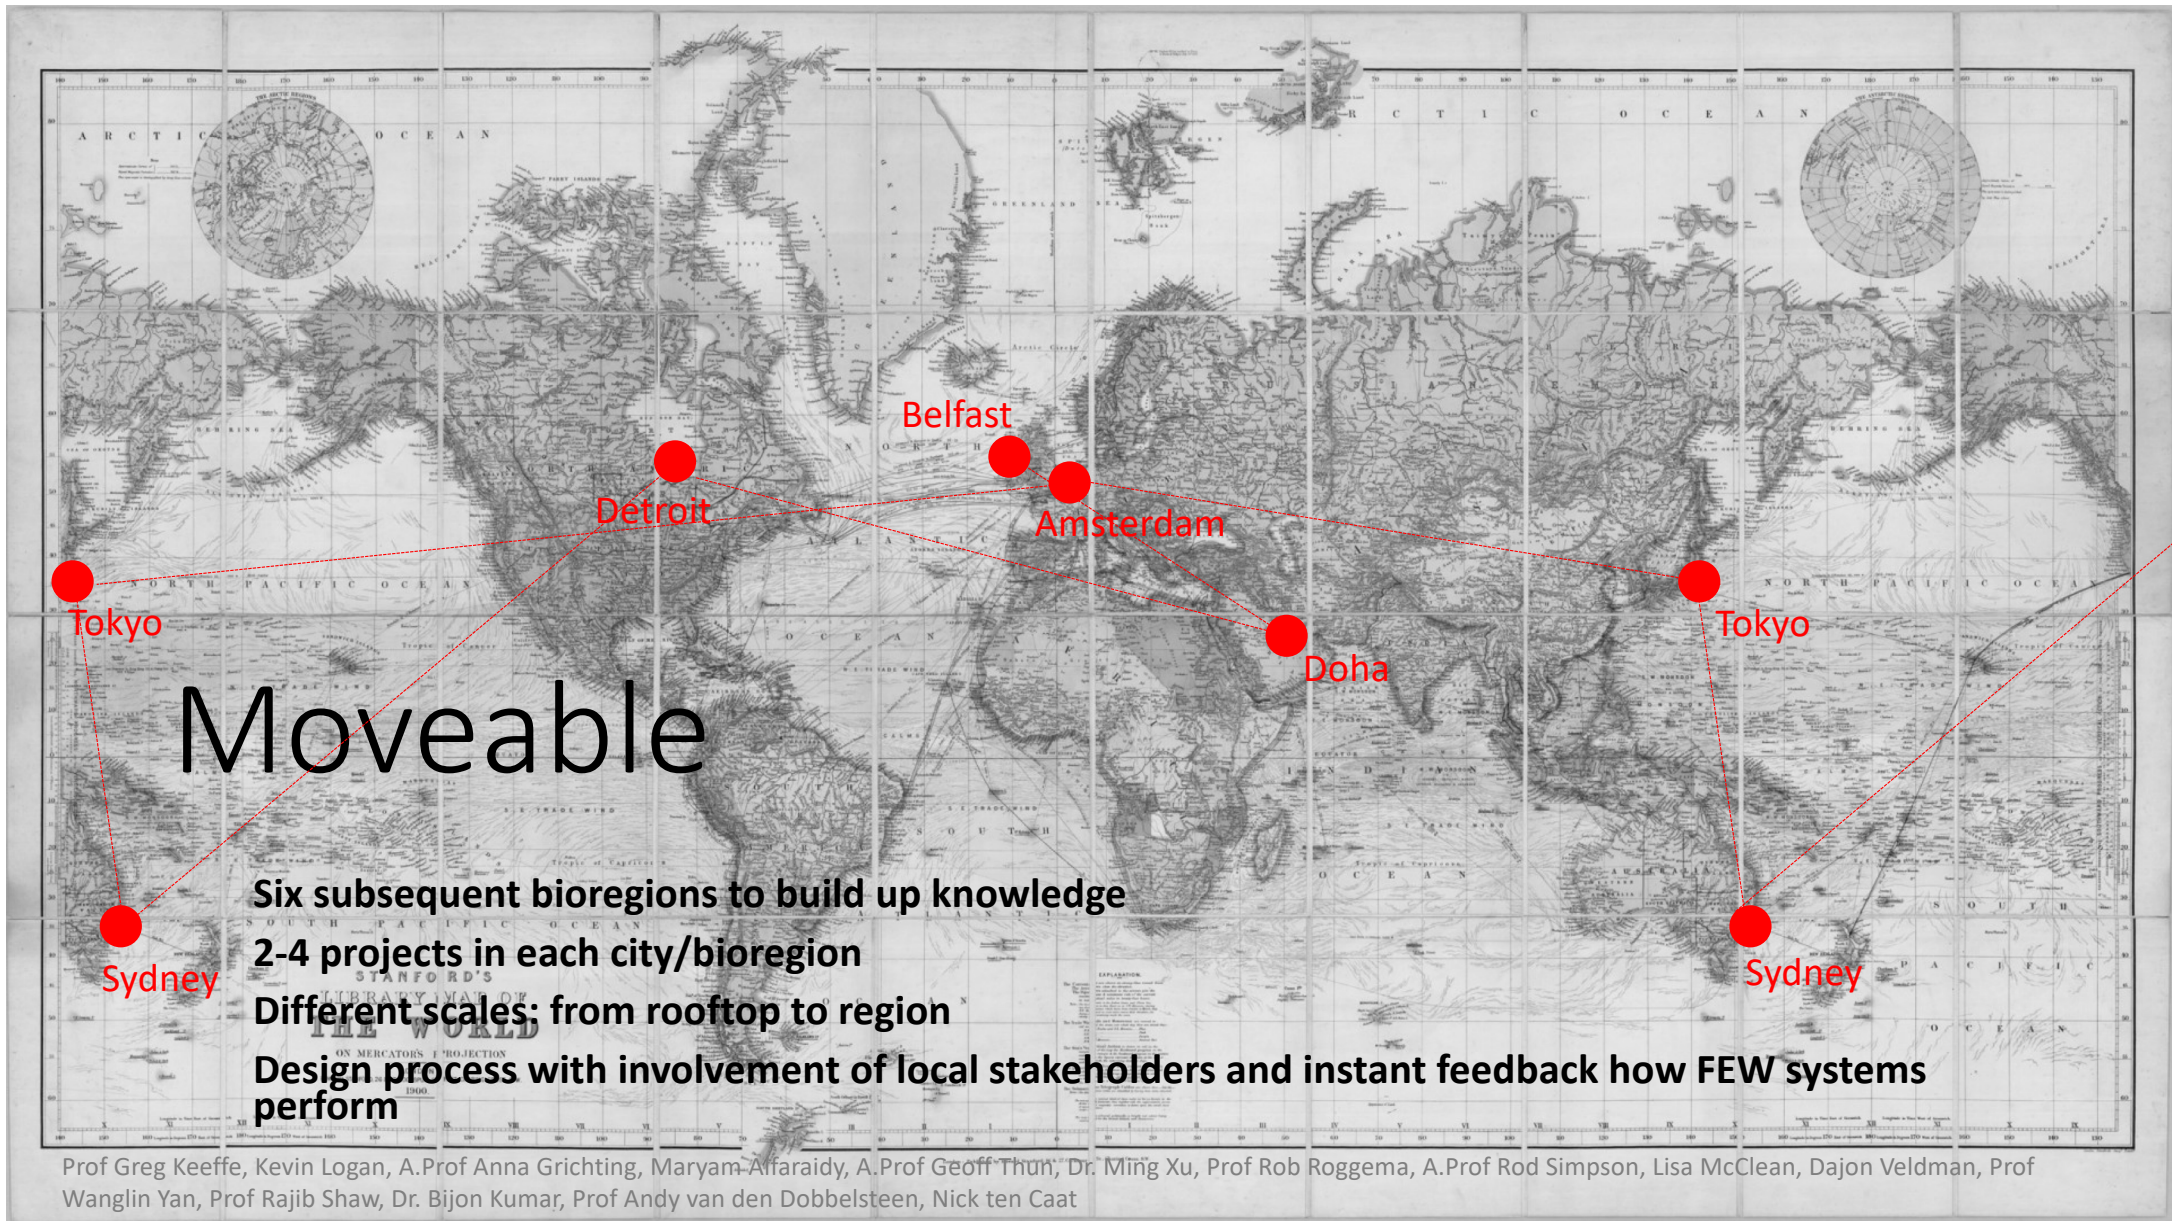

Integrated Systems

Prof Greg Keeffe, Kevin Logan, A.Prof Anna Grichting, Maryam Alfaraidy, A.Prof Geoff Thun, Dr. Ming Xu, Prof Rob Roggema, A.Prof Rod Simpson, Lisa McClean, Dajon Veldman, Prof Wanglin Yan, Prof Rajib Shaw, Dr. Bijon Kumar, Prof Andy van den Dobbelsteen, Nick ten Caat

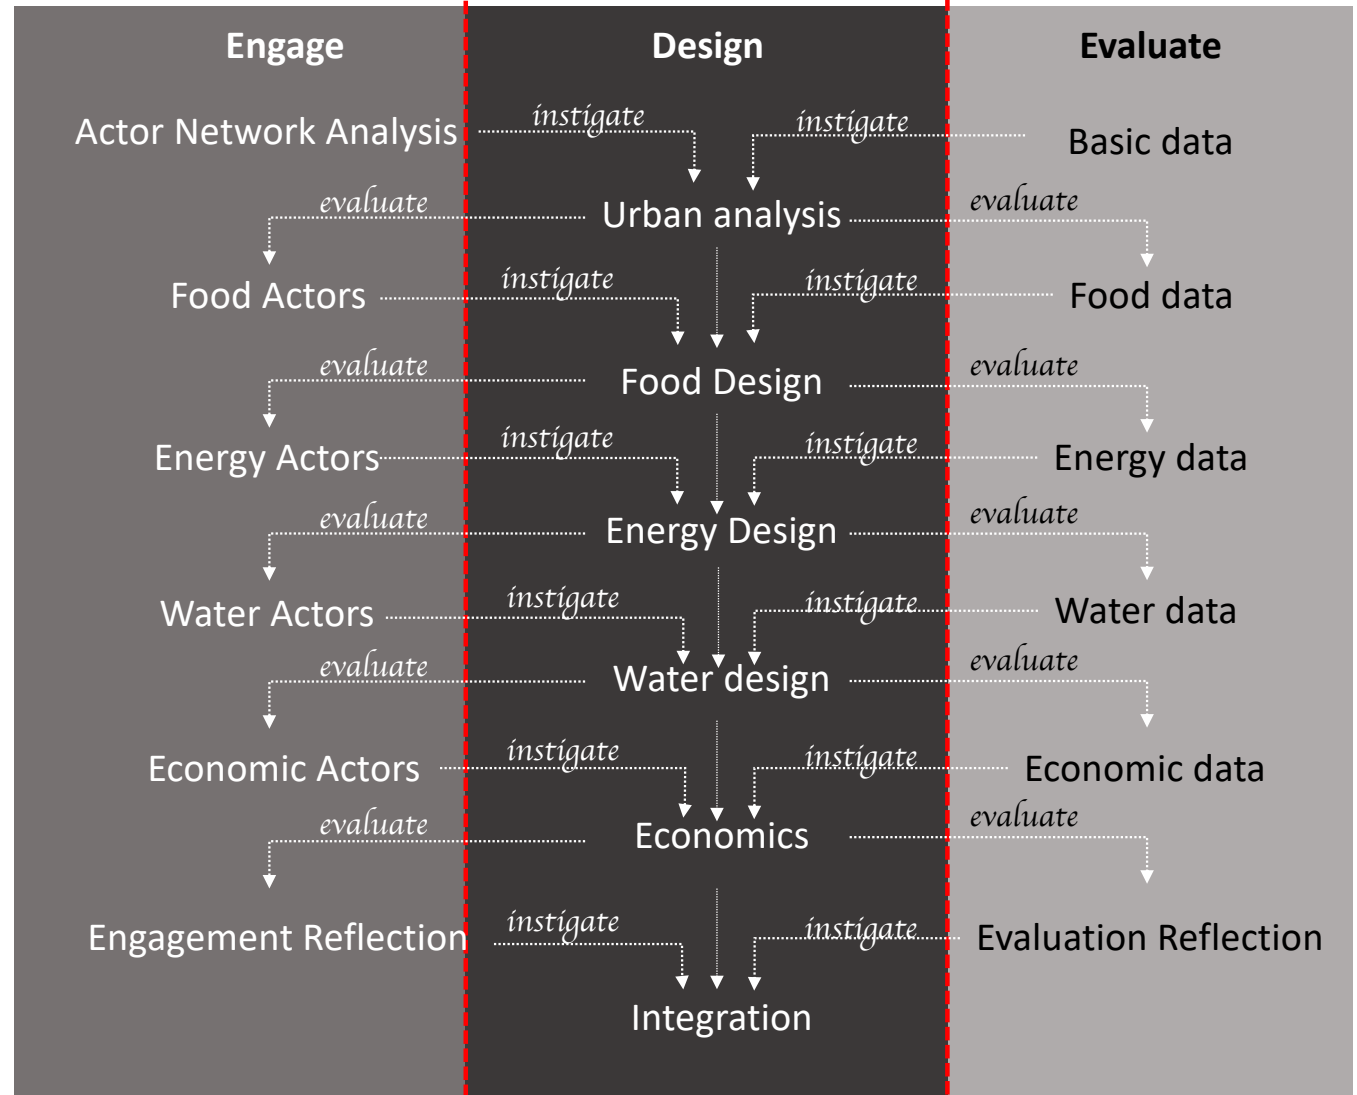

Collated Process

- Belfast
- Doha
- Detroit
- Sydney
- Tokyo
- Amsterdam

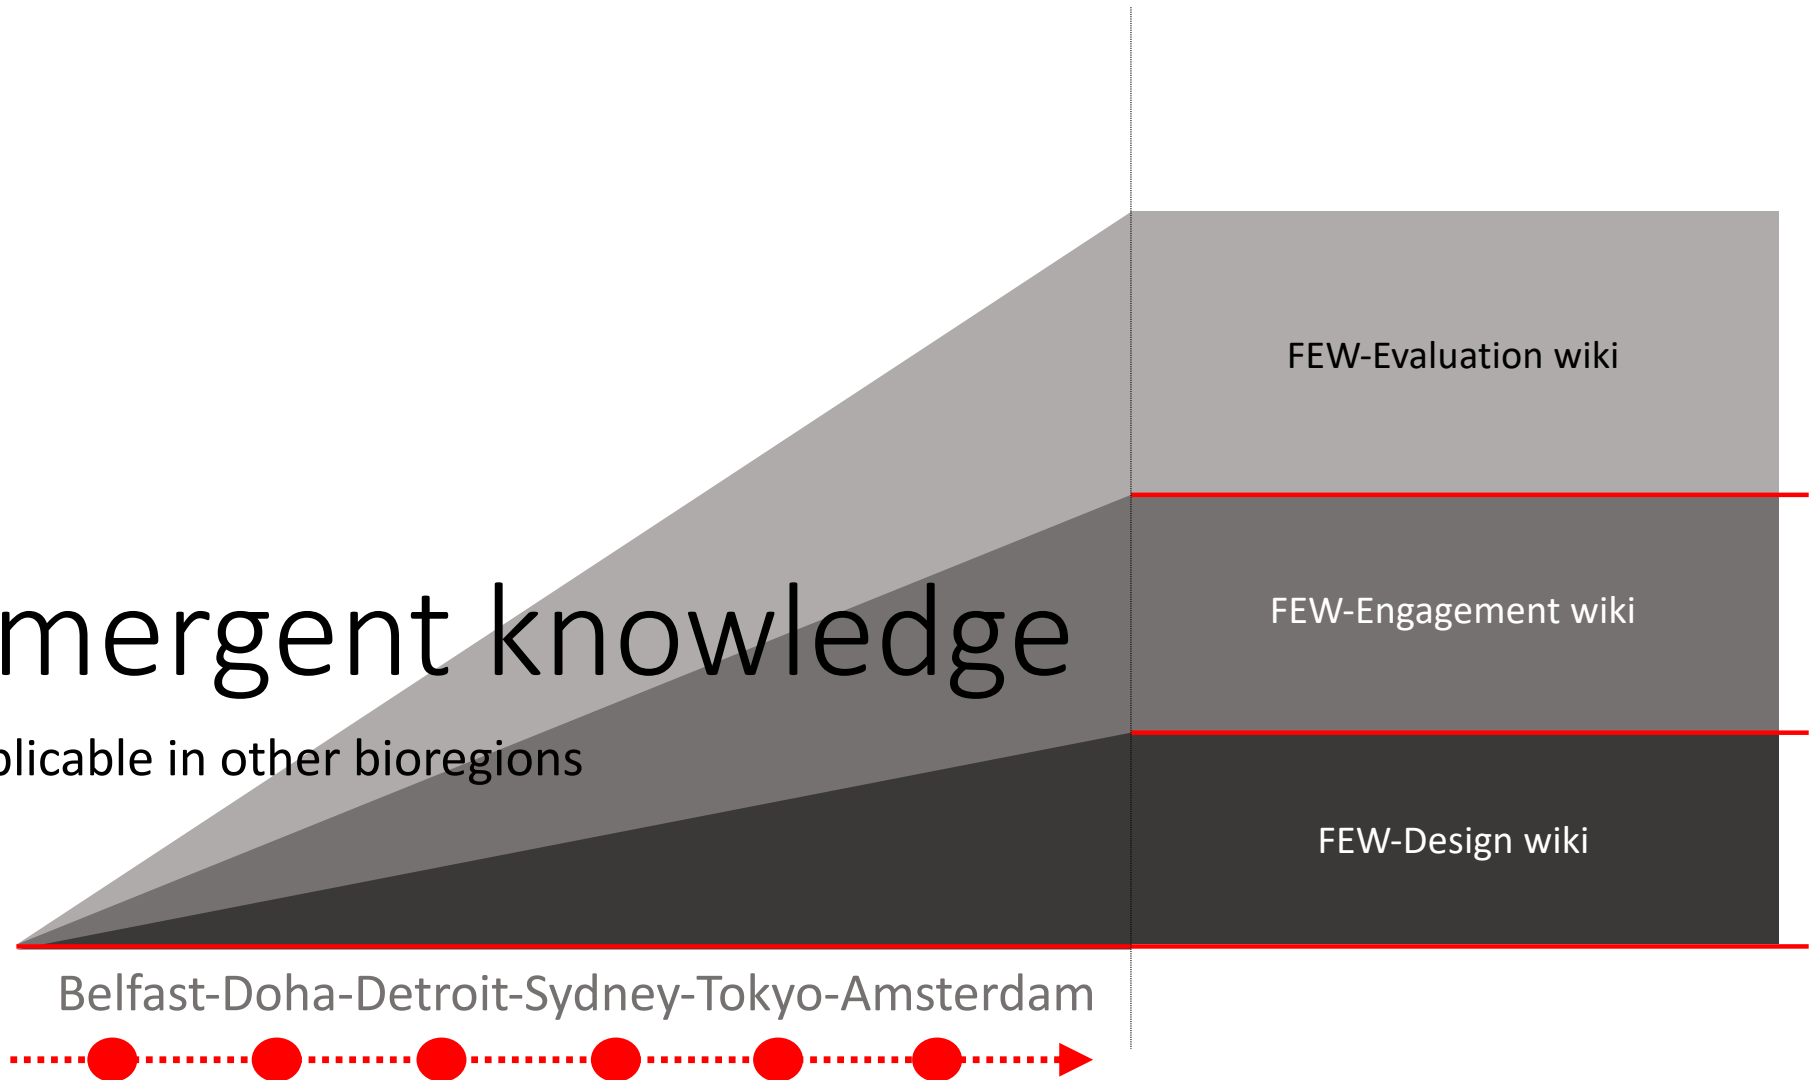

Students visit to mine, map data, talk with residents
 International workshop
 Repeat workshop in every other city
